The Right Stuf International is pleased to announce "Paradise Heights," the newest anime-style adult CD-ROM game from Otaku Publishing.

EVERYBODY NEEDS GOOD NEIGHBORS

One apartment block, six rooms, all modern conveniences, attractive views and handy local amenities. And seven hot babes all looking for a man.

Keigo Nakadai is at a crossroads in his life. He's 25 years old, kicked out of his job as a computer programmer, and forced to work as a handyman. Then he gets an offer he can't refuse. His uncle owns an apartment building called Paradise Heights, but has to go to Hawaii on a long business trip. Little Misa's in charge for now, but could Keigo pop in and make sure she's okay? And while he's there, can he see to anything that needs doing?

Misa's in charge of Paradise Villa, but she's going to have her hands full just coping with her new assistant Keigo. And, she still has to keep all the residents in line. Kayo's a late-sleeper with a mysterious night-time occupation. Ayako's a spoiled rich student who lives upstairs, close to her sorority buddy Yuki. Then there's the two secretaries, the scatty Miyuki who still denies that she had an affair with her last boss, and the man-eating Kyoko. And as for the quiet, reserved Keiko ... well, nobody knows a thing about her.

The nights get long and lonely at Paradise Heights...
